

## EL PASO UNITS WAITING CARS

Some Local Men May Be in 'Rainbow' Division to Cross the Sea.

Orders were expected Friday from the adjutant general's headquarters at Austin to have the four units of the Texas national guard camped here, enroute for Camp Bowie, Fort Worth. The units are companies A and B, hospital company No. 2, the supply company and the auxiliary detachment. Company A is camped on the mesa in Kern Place; company B is in training near the old school of mines on the Ft. Riles mesa and the others are under canvas north of the El Paso County Club on Dyer street.

Company K, the other unit of El Paso troops, has for several weeks been in training at San Benito in the Brownsville district and it will also be sent to Camp Bowie with the Fourth Texas Infantry. Railroad equipment for the transportation of the companies at El Paso is expected to arrive within two or three days.

All Receive Equipment. The uniforms, arms and other equipment of the units have all been received and they will leave well equipped for the training. The units will be sent with the "Rainbow" division to mobilize at Mineral, Tex., shortly for foreign service.

Advice from Fort Worth was that ambulance company 49 from that city will move to Ft. Sam Houston to train for European service.

**Buller and Hutchings.** Gen. John A. Buller and Gen. Henry Hutchings, of Texas, have been named brigadier general in the Mineral, Tex., and will command brigades at Camp Bowie.

Brig. Gen. Roy Hoffman, of Oklahoma, is said to have been the ranking colonel in the national guard of the United States.

## WILL CROWDER REDUCE QUOTA?

Mayor Davis Says Texas Officials of Opinion He Will Grant Appeal.

If the influence of Gov. James E. Ferguson and adjutant general Henry Hutchings can avail anything with provost marshal general E. V. Crowder, El Paso will receive a reduction of the quota it has been called on to furnish for the selective draft. This was the message brought back Friday morning from Austin by mayor Charles Davis and Judge Dan Jackson.

The governor heard out carefully, said the mayor, and agreed with us thoroughly that on account of our large alien population, we are being asked to furnish too many men. However, it was not in his power, nor that of Gen. Hutchings, to reduce the quota. Accordingly, the governor sent a telegram to the provost marshal general insisting that El Paso's quota be reduced.

The mayor added that the governor expressed an opinion that Gen. Crowder would grant the appeal and reduce the quota to a number based solely on the citizen population of El Paso.

**SECOND CALL FOR MEN IN SOCORRO COUNTY NECESSARY.**  
Magdalena, N. M., Aug. 17.—The local exemption board for Socorro county, consisting of Drs. Parvis and Hill, sheriff J. E. Baca and county clerk Francisco N. Chavez, has completed the examination of 224 men who had been called for physical examination for military service.

The examination required three days for completion, 105 men having been called for each day.

Out of 224, 106 exemptions may be allowed, claims being based on numerous pretexts, thus requiring a second call to be made before the quota of 118 can be secured.

On account of its location at such a great distance from the county seat and without railroad facilities, Magdalena, in the extreme southwest portion of the county, will be allowed a special examining board. Probably the number still required will be made up from the registrants in that locality.

## Draft Board Asks If Dead Letter Office Has This Address

Evidently there are persons who witness the jurisdiction of the United States extends into regions beyond this life, for a notice mailed by the county army selection board to Jose Mesa, registrant, Texas, was returned undelivered, with the following written on the envelope: "You killed at a dance. Please forward."

## ARMY'S 7000 ABOVE QUOTA

Recruits Are Coming Into Regulars at Rate of 1000 a Day; All Needed.

Washington, D. C., Aug. 12.—War volunteers for the regular army have reached a total of 158,317 men, bringing the roll to 208 in excess of the authorized war strength.

Since the total quota for the expanded army was filled several days ago recruits have continued to enlist at an average of more than 1000 daily. They will be needed and the recruiting service will not relax its efforts.

There still are 25 states that have not supplied their quotas but some of the other states have furnished their quota several times over.

## UNITS OF ARMY REORGANIZED

Companies Will Have 250 Men, Two Captains and Four Lieutenants.

Washington, D. C., Aug. 17.—The reorganization of the United States army, as outlined by the war department, goes down to the fundamental units. A company of infantry hereafter will consist of 250 enlisted men and six officers. The officers will include two captains, a first lieutenant and three second lieutenants. One captain will be first in command. The other will be on hand to take command if the first captain is disabled. Ordinarily he will not go into action but will be held in reserve until the need for him arises. The company will be divided into four platoons with a lieutenant in command of each. This plan of company organization has already been effected in Gen. Pershing's contingent.

Each regiment will have three battalions of four companies, totaling about 2000 men, exclusive of regimental headquarters, supply and machine gun companies which will bring it to about 3000.

The unit organization for artillery has not been changed.

Regular regiments will be numbered from one to 190, national guard from 191 to 280 and national army from 301 up.

Regulars will wear the U. S. monogram. National guard will wear the N. S. with N. G. superimposed. National army men will wear U. S. with N. A. superimposed.

## WOMAN TO SUPPORT BOY WHILE HUSBAND GOES TO WAR

There is a little woman in El Paso who is deserving of a position. She is a girl named years of age and her husband has enlisted for the war. "I will have my husband's pay," she said, "but, of course, that will not support my son and myself. I could get something to do, and I can, but I haven't anything yet."

"We lived up in New Mexico and came down here so that my husband could enlist. He said that he could not look his boy in the face when his country was calling, if he did not enlist and go to war. I agreed with him that if he was willing to risk his life, I was willing to make the sacrifice of working and supporting the boy while he was away."

## U. S. SURGEONS AND NURSES WORK CLOSE TO THE FRONT

British Front in France and Belgium, Aug. 17.—In a clearing station during yesterday's battle on the Belgian front the Associated Press found four American surgeons in the operating rooms hard at work. They were assisted by business like American nurses.

A large number of American surgeons are now working close up to the front in this region and others are being sent from the continent. They are reported to be doing yeoman work.—(By A. P.)

## BIG 'HIKE' CALLED OFF: NEW ORDERS CHANGE THINGS

Because of changes in commandments by the war department, and an account of the bad roads, Maj. Gen. George Bell, Jr., commanding the troops in this district, Friday morning announced that the contemplated "hike" to the Mesquero Indian reservation has been abandoned.

A battalion of mounted engineers was to have left for the Mesquero Friday morning, but when Gen. Bell received orders from the war department to report August 22 at Camp Logan, Houston, Texas, the "hike" was called off.

## HOME DEFENCE LEAGUE MEETS TONIGHT ON RULES

A meeting of the board of directors of the Home Defence League is to be held this evening at the city hall, at which the bylaws and regulations will be passed upon. The matter of taking care of the company to be formed at the present plan and smelter will be decided. The sheriff's department will be asked to cooperate with the city in this matter, and if an agreement can be made one of the signal companies will probably be placed at those places.

## DAN IMBODEN IS GIVEN A FIRST LIEUTENANCY

News from Silver City is to the effect that Dan C. Imboden, recently secretary of the chamber of commerce of that city and prior to his appointment to that position, adjutant secretary in El Paso, has been commissioned a first lieutenant in the officers' reserve corps of the California national training camp. Young Imboden is a son of Wiley Imboden, a lawyer at Austin, Texas.

## EL PASO HERALD

CITY BOARD 1 TAKES 11 MEN

Board No. 2 in Executive Session; County Board Drafts One Man.

Delaney J. Elliott, 1412 Texas. Gustave Appenzeller, 349 Tark. John C. Foster, 1212 Magoffin. Harry C. Chase, 212 Atlanta. Walter C. Lewis, 285 North Phoenix. Richard H. Cunningham, 2405 East Boulevard.

These 11 men were passed by the medical examiner and accepted without exemption claims by city army selection board No. 1 since publication of the last report in The Herald.

**Exemption Claims.** Registrants passing physical examination, not filing exemption claims were:

Paul M. Fritchard, already in the army; William M. Kennedy, George B. Keys, Harry M. Alaris, Nathan L. Rankin, Harry W. Duke, William L. Lawrence, Herbert C. Starnes, Ralph Allen, Rafael Holguin, Frank James, Maxie Israel Kaminsky, Nathan Perrell, Warren R. Hootch, Fred B. Moore, N. A. Chamberlain, John B. Harrison, Jesse E. Manifold, Robert M. Arrell, Stanley B. Hootch, Fred B. Moore, Jesse Carter, Earl C. Mize and Joseph P. Donnelly, Joseph A. Mullins, Albert Cramm, John B. Hootch, Al Gibson, Ernest C. Hootch, dependent.

There were three objections by the physicians and six alien exemption claims.

City selection board No. 2 was in executive session Friday. It will resume examinations of registrants Saturday morning.

**County Drafts One.** William F. Hootch was the only man finally accepted without exemption claims by the department of defense board, although a number of others had been examined and passed by the physicians and six alien exemption claims, as follows:

H. Waldo Elmer, agricultural; Albert G. Gullala, Henry C. Hootch, Juan Moreno, Alvaro Moreno, David B. Rogers, Jose R. Telles, Jose Juan Nieto.

**Two "Blockers" Are Noted.** The county board was handed a copy of a recent government order. It was a copy of the order of the justice, the order dealing with men who failed to register on June 5. It is set forth in the order that if a man found not to have registered shall be registered by their respective boards at once, and given order numbers corresponding to those of the men who registered from the draft. This means that the penalty for failing to register is being placed practically at the head of the parade.

**Those Who Failed to Appear.** The first report to the district army selection board at El Paso, which was received at the head of the parade, said the board had information already of two men who would probably be placed at the head of the parade.

**MAJ. BILLINGSLEY, U. S. A., IS FOUND IN TENT, SHOT DEAD**  
Baltimore, Md., Aug. 17.—Maj. Charles Billingsley, U. S. A., chief of the sanitation work at Camp Meade, was found dead from a gunshot wound at the camp yesterday afternoon. A committee of five officers headed by Col. Klein of the 1st New York Infantry, expressed the belief the shooting was accidental.

It was stated that Billingsley had been examining a new rifle with a spring trigger. No one was in his tent.

Maj. Billingsley was a native of Westminster, Maryland, and had been in the United States army 15 years. Part of it he had spent in the Philippines and more recently he had been assigned to Fort Meyer, Va. He is survived by a widow and three children.

**BAKER WARNS MAYORS TO KEEP MORAL CONDITIONS GOOD.**  
Washington, D. C., Aug. 17.—Secretary of War Baker has warned the mayors of cities near army training camps and cantonments that they will be held responsible for maintenance of wholesome moral conditions in their communities.

## HAIR ON FACE DISAPPEARS QUICKLY

This method for removing superfluous hair is totally different from pastes and rub-on preparations which merely remove hair from the surface of the skin just for a day.

The only common sense way to remove hair is to attack it under the skin. DeMicare, the original sanitary liquid, operates on this principle. It also contains certain ingredients which grow the hair back to its vitality. It does this by attacking the hair root.

DeMicare works equally well for removing hair from face, neck, arms, under arms or from the body. It is the only depilatory that has a money-back guarantee in each package. In 40c, 21c and 10c bottles at all drug stores, or direct from us in plain wrapper on receipt of price.

FREE booklet mailed in plain sealed envelope on request. Write for it today and read it before you make another application of any depilatory. DeMicare Chemical Co., Dept. F4, Park Ave. and 123th St., New York.—Adv.
